**The Leading Hemp
Manufacturer Since
2013**

Industry Leader

We have witnessed the onset and rapid growth of the hemp industry. It has been exciting and challenging to help lead the revolution in hemp-based supplements; a venture we hope to help your business become a part of and/or diversify your available products so more people can purchase them from you.

Sourcing

As someone who has been in the CBD products business since 2013, we have vetted out our suppliers and made sure the products we produce are made from quality raw materials – so we can provide you with consistent products and COAs.

Convenience

- Low minimums
- Speedy turn-around times
- Fresh products
- Friendly & knowledgeable service
- Photo gallery & marketing materials
- Step-by-step instructions for Dropshipping and White Labeling

Quality

We manufacture in small batches to ensure you always receive fresh product. This allows us to offer some of the most aggressive MOQs per SKU in the industry. We also provide COAs for your products upon shipment.

Services

- Wholesale
- White Label
- Custom Formulation
- Dropship

Scalability

In our production facility, we utilize a wide range of hemp extracts to craft full-spectrum, broad spectrum and THC-free products. Our ability to manufacture at a small or large scale means we can keep up with demand as your business grows.

Our Story

[Watch video »](#)

After hemp supplements helped turn Jeff's life around, he made it his personal mission to help five people a week discover the benefits of hemp. This led him to start MHR Brands in early 2013.

As people all over the world gradually began learning about hemp oil, the demand for products skyrocketed. Jeff's daily regimen became a nonstop shuffle of shipping orders and answering phone calls, which needless to say turned his hobby into a new full-time job.

This experience allowed us to build a strong understanding of our customer base and gave us the experience and expertise to help other businesses succeed. Since 2013, we have turned into an industry leader in producing products and working with retailers —traditional and online— to help them offer quality CBD products to their customer bases.

Behind the Scenes

75+

STOCKED SKUS

- Wholesale
- White Label
- Custom Manufacturing
- Dropship

There's never a dull moment here. Our lab is always bustling with new projects, and that's exactly what we aim for! When we're not occupied making products, we're experimenting with new ideas and formulations to maintain our place as an industry leader. If research shows there's a way to improve any of our products, we perfect the change and make it happen.

What to Expect

Once you partner with us, we keep in touch to make sure you always know what's going on; whether there's a catalog update or tweak to a product.

Additionally, you can expect the following when working with us:

- Low minimums
- Speedy turn-around times
- Fresh products
- Friendly & knowledgeable service
- Access to product photo gallery & some marketing materials
- Step-by-step instructions for Dropshipping and White Labeling

Take a Tour

If interested, you can schedule a visit to meet our team and see our facilities where we follow GMP processes. We are located in West Michigan. Please contact sales@madebyhemp.com, call (844) 387-4367 or contact your sales representative about visiting.

White Labeling

Develop Your Brand
with Proven Products

Want to create and sell your own brand? Typically in this industry, you're forced to invest heavily in research, manufacturing, packaging, and 10,000+ minimums. Here at Made By Hemp, we want to help you get involved in the new and exciting industry.

Low Minimums

To help you get your foot in the door, we've made the white labeling process as simple and affordable as possible with a small MOQ of 100 units across all SKUs (minimum of 25 units per SKU).*

Custom

Want your own unique tincture or vape? We can help turn your vision into a reality, customizing the strength and flavor. Contact your sales representative to learn more about custom formulation.

Easy Process

1. Flip through this catalog and pick the product(s) you'd like to white label.
2. Design your labels using our [templates](#) or pay \$150 for our generic label design service (see *page 1 of our [Artwork Instructions](#)*).
3. Your labels can be printed by us at **no additional cost**; or you can purchase them from a printing company. Color limitation applies for free in-house printing (see *page 5 of [Artwork Instructions](#)*).
4. Finalize payment for your order.
5. Your order will be placed in our production queue (lead times vary; average 2 weeks).

Dropship Program

- Let us warehouse and ship products for you
- Easy ordering
- Blind dropshipping

White Label Notice

If you'd like to white label products and have them available in our warehouse for your dropship orders, there's a pick/pack fee of \$3/order and a monthly pallet storage fee for all your white label products.

Sell CBD products without worrying about inventory management and shipping. Once your account is setup with us, below is the process for every dropship order:

1. Sell

Add our products onto your website and start selling to customers. You will be responsible for collecting payment from your customers.

2. Enter Your Orders

Use our online portal to send us orders at any time. We'll process them on the following business day.

3. We Process & Ship

We'll charge you **base wholesale** price for each order and ship them out. We use plain manilla or USPS packaging. Your customers will not see our information, we're a blind partner in this process.

Shipping Options & Speed

- We strive to ship orders in 1 business day (Mon-Fri).
- We must collect payment before shipping.
- If an order cannot ship because an item is on back-order, we will notify you as soon as possible.
- Access tracking numbers in your Portal.

USPS First Class	USPS Priority	USPS Express
\$8.00 4-7 days	\$12.00 2-3 days	\$30.00 1-2 days

**Prices are based on a typical website order of 1-3 items. We may charge you more if an order is too large or heavy for the requested shipping type.*

Catalog Addendum

An addendum catalog with dropship-only products is available. Talk to your sales representative for details.

Co-Op Marketing

Marketing is important to any retailer to help move product off your shelves. When you add products to your shelves, what do you do to move the product?

- Are you offering an introductory price to get traction on new products?
- Is your staff trained on the products?
- Are you putting materials up in your stores to direct and educate customers?
- Are you adding new products to your store's advertising and social media campaigns?

These things will all help with moving these products and the most important thing is making everyone aware you have them available.

Marketing Materials

When it comes to marketing and advertising, we have various programs we can discuss to help you market the Made By Hemp products sold in your retail store.

From window clings, point-of-sale materials, brochures, and possible samples or giveaways of our products, we can help. We can also help you with advertising in your local market.

Most initial co-op marketing plans require a 500 unit order. Ongoing plans with marketing, materials, etc., usually require 100 units or more. The more you order, the more marketing materials and resources we can offer you. You can always pay for items at cost without co-op dollars, based on what you are looking for.

If you order white label products and tie Made By Hemp into your label by incorporating verbiage such as “partnered with Made By Hemp” or “manufactured by Made By Hemp,” we can discuss providing some point-of-sale and retail display items for you. The same volume minimums apply as mentioned above.

What's New?

Made By Hemp CBG Blend

A full-spectrum tincture with a 50:50 ratio of CBG:CBD.

Page 11

Made By Hemp CBG Oil

A broad-spectrum tincture crafted with pure CBG oil.

Page 11
